In the fight against the Oni, the Elden Ring, a ring used to seal away the evil Spirit, was stolen from the hand of an Elden Lord. The Oni escaped the seal and started to spread across the Lands Between. In order to defeat the Oni and reclaim the ring, the players must return the ring to where the Elden Lord was sealed away before his death, leading the Lost children of the Land of Airmax and the Airmen to seek the ring. The young ones, Lost children like you, set forth on a journey across the Lands Between with the aid of the Airmen for the first time and reach their destination. Combat is fun by utilizing the unique characteristics of the characters. • Adventure Evolved from Action RPG to Real-Time Strategy In the battle for the Lost children, we have improved the characteristics of the characters to allow you to enjoy a unique action RPG experience that is fun to play. In addition to the combo of skills and weapons, you can also use equipment such as healing equipment, armor with different characteristics, and even temporary stat boosters to make your action even more varied and exciting. You can attack using melee weapons, throwing weapons, and firearms. The movement speed is increased by the effects of equipment, allowing you to move freely and think tactically. You can block the attacks of other players using blocking techniques. You can collect items by completing quests and gain even more equipment. You can join the battles of the other players, but be careful that not all enemies are friends. • Classic Online Battle Experience A new online battle system allows you to play with players who are all in the same world. In addition to high-level players, you can also play against low-level players who look like they are playing with just a mouse and keyboard. Complex quests and epic battles await you. • Be a Hero to Discover the History of the Lands Between In battle, you can obtain character information and additional quests. You can obtain character data and quests through interactions with various NPCs. In addition to battle, you can also improve equipment and equipment-related items. The present invention relates to a new and distinct cultivar of Chrysanthemum plant, botanically known as Chrysanthemum x morifolium, and hereinafter referred to by the name 'Zanmackanel'. The new Chrysanthemum is a product of
